

STATEMENT OF PURPOSE

RS29017C1 / S1243

Existing state code describing the makeup of the Idaho Board of Environmental Quality is being updated to reflect Clean Air Act Section 128 requirements for state environmental boards. Previously the department relied on Executive Orders to ensure these requirements were met.

FISCAL NOTE

This legislation will have no impact on the state's general fund, any dedicated fund or federal funds because this legislation only updates requirements for the composition of the Board members residing on the Board of Environmental Quality.
